ITALIAN MUDDLE.

Correspondence Between Mr. Blaine and Baron Fava

ON THE NEW ORLEANS AFFAIR.

Why the Italian Minister Resigned His Position at Washington—Comments of The New Orleans Times and Papers on the Present State of Affairs.

WASHINGTON, April 2.—The following correspondence between Baron Fava and Secretary Blaine, relating to the Italian troubles, is made public.

ROYAL LEGATION OF ITALY, WASHINGTON, March 3, 1891.

Mr. Secretary of State: By my two notes of the 15th and 16th, I had the honor to call your excellency's serious attention to the occurrences of exceptional gravity which took place at New Orleans on the 15th, whereby four subjects of the King of Italy, who were confined in the prison of that city, were massacred by the crowd under the leadership of two American citizens.

After having formally protested against the unjustifiable conduct of the local authorities, which were evidently recalcitrant to all their duties on that occasion, I reserved to the government of his majesty the right to demand such satisfaction as it might think proper, since the occurrence in question constituted a patent violation of the stipulations of the treaty in force between our two countries, which secures to Italian subjects residing in the United States the same protection that is enjoyed by American citizens, and which has always been extended to the latter in Italian territory.

The reparation demanded by the government of the king, as I have had the honor to inform you in our interviews held during the last few days, were to consist of the following points:

First—The official assurance by the Federal government that the guilty parties should be brought to justice.

Second—The recognition in principle that an indemnity is due to the relatives of the victims.

Your excellency was pleased to declare to me that, as the Federal government did not think that it could take this view of the case, it declined to take the two aforesaid demands into consideration.

Under these circumstances, the government of his majesty, considering that the legitimate action of the king's minister at Washington becomes inefficacious, has ordered me to take my leave.

In obedience to the instructions which I have received, I have the honor to announce to your excellency that I am going to leave Washington as speedily as possible, leaving the Marquis Imperiali, his majesty's secretary of legation, in charge of the current business of the royal legation.

Be pleased to accept, Mr. Secretary of State, the renewed assurance of my highest consideration.

FAVA, His Excellency, James G. Blaine, Secretary of State, Washington.

DEPARTMENT OF STATE, WASHINGTON, April 1, 1891.

The Marquis Imperiali, charge d'affaires, etc.

SIR—I have the honor to acknowledge the receipt of a note of yesterday's date, from Baron Fava, who has left the Italian legation in your charge. I beg to express the sincere regret with which the government of the United States receives the intelligence of Baron Fava's speedy departure from this capital. Though he has more than once intimated this purpose, the government of the United States has been unable to see adequate reasons for such a step. The baron's service here for the past ten years has been distinguished at all times by the most agreeable relations with the executive department of this government. The regret at his leaving is enhanced when, as the president believes, he has been recalled under a misapprehension of facts by the government of Italy.

The cause of his sundering his diplomatic relations with this government is thus given in his note:

The reparation demanded by the government of the king, as I have had the honor to inform you in the interviews held during the last few days, were to consist of the following points:

First—The official assurance by the Federal government that the guilty parties should be brought to justice.

Second—The recognition in principle that an indemnity is due to the relatives of the victims.

The first demand thus stated by Baron Fava is slightly changed in phrase from that employed by him in his many verbal requests based on a telegram from the Marquis Rudini, which he left with me. The Marquis Rudini declared that "Italy's right to demand and obtain punishment of the murderers and an indemnity for the victims is unquestionable."

It is inferred that Baron Fava's change of phrase meant no change of demand. I have endeavored to impress upon him in the several personal interviews with which he has honored me, that the government of the United States is utterly unable to give the assurance which the Marquis Rudini has demanded. Even if the National government had the entire jurisdiction over the alleged murderers it could not give assurance to any foreign power that they should be punished. The president is unable to see how any government could justly give an assurance of this character in advance of a trial and a verdict of "guilty."

In the constitution of the United States it is declared "that in all criminal prosecutions the accused shall enjoy the right to a speedy and public trial by an impartial jury of the state and district wherein the crime shall have been committed."

It is not a question of power at all, as you say, but of the fact that the president of the United States is not a foreign power. The constitution of the state of Louisiana, under whose immediate jurisdiction the crimes were committed, is silent on the

same provision. It is for so that the governor of the state would be as unable to give a pledge in advance for the result of a trial under state law as the president would be were it practicable to try the leaders of the mob under the laws of the United States. In Baron Fava's second point he demands the recognition in principle that an indemnity is due to the relatives of the victims. He is assuredly under a grave error when he declares that the United States government declined to take this demand into consideration, and I shall regret if he has communicated such a conclusion to your government.

The United States, so far from refusing, has distinctly recognized the principle of indemnity to those Italian subjects who may have been wronged by a violation of the rights secured to them under the treaty with the United States of Feb. 23, 1871.

I have repeatedly given to Baron Fava the assurance that, under the direction of the president, all the facts and incidents connected with the unhappy tragedy at New Orleans, on the 14th of March last, should be most thoroughly investigated. I have also informed him that in a matter of such gravity the government of the United States would not permit itself to be unduly hurried; nor will it make answer to any demand until every fact essential to a correct judgment shall have been fully ascertained through legal authority. The impatience of the government may be natural, but indulgence does not always secure the most substantial justice. Accept, sir, the assurance of my high consideration.

JAMES G. BLAINE.

Comments of The New Orleans Times.

NEW ORLEANS, April 2.—The Times-Democrat (Democrat) says: That there is no reason for this action, goes without saying, especially here in New Orleans, where the full facts of this case are known. Italy and the United States are and should continue on the best of terms. There has never been the slightest unpleasantness between the two countries. The American people unanimously sympathized with the movement which reunited Italy under its present kingdom, and have ever since entertained the warmest friendship for it. To break this friendship over an affair like that at the parish prison is discreditable. There was no international or diplomatic issue involved. There was no question of any unfriendliness to Italy or to the Italians. Eleven brigands and assassins were executed, of whom nine were American citizens, and two are said to be subjects of the King of Italy. As has frequently been said it would not have made the slightest difference had these two latter been Russians or any other nationality, for the race question did not enter into the matter in the slightest degree. The people of New Orleans rose to suppress an association of assassins, and it did not make the slightest difference to them to what race or nationality the murderers belonged. As for the reported reprisals on Americans travelling in Italy, is a game which both countries can play at, and there are twenty Italians in this country for every American in Italy.

How Viewed in Rome.

LONDON, April 3.—Advices from Rome state that the government is being pushed on by popular sentiment toward an aggressive course of action. King Humbert is friendly to Americans and his feeling in this respect is shared by the higher nobility, and by nearly all who mingle in the circle of the court. The people, however, are excited, and even more so than when the news of the massacre first arrived. The American Italian papers, received within the past day or two, have caused the impression in Rome that the massacre was prompted and defended in America by other races adverse to the Italians, and that unless some decisive proof is given of the power and importance of Italy other immigrant races in America will try to tread them under foot. It is stated by an English gentleman, who possesses the confidence of the Italian court, that Italian royalty does not share in this belief, and would have been willing to ordinary diplomatic settlement.

Asked to Be Patient.

LONDON, April 2.—A dispatch from Rome says: It is stated in circles in this city that the Italian minister to Washington has a cabined anything decisive to his government in connection with his recall. Mr. A. C. Porter, the American minister to Italy, Tuesday requested the Italian government to be patient a few days. He explained in detail the obstacles existing in the United States which are in the way of a speedy settlement of the questions involved by the New Orleans lynchings. The rumors which have been circulated in the United States to the effect that a number of Americans are detained in Italy as hostages are wholly unfounded. The public is anxiously awaiting the issue of the negotiations between this country and the United States.

A Case of Bluff.

RICHMOND, Va., April 2.—The Dispatch, Democratic, says: Italy's conduct looks very much like bluff. It has, however, been encouraged, if not inaugurated, by the dispatch sent Governor Nicholls by Mr. Blaine. When our own secretary of state, without the pretense of an investigation, takes the Italian view of the case, what can we expect from the king of Italy and his minister? At present we decline to catch the war fever. It would have been time enough for Italy to have exhibited her anger after the New Orleans grand jury had acted or refused to act. She has gotten into a premature foolish and unnecessary anger, and could be made to recognize that fact if the correspondence of our country were in competent hands.

Chauncey Depew Interviewed.

NEW YORK, April 2.—"It is absurd," so Chauncey M. Depew characterizes the reported action of the Italian minister at Washington. "Italy will never declare war, and if she does she would not carry it on for twenty days at the longest."

Mr. Depew had just returned home from a dinner given by Mr. Platt.

"Italy," he continued, "is practically bankrupt. Financially she is the poorest of European countries, and in her endeavor to keep pace with the tremendous armaments of her sister nations she has grinded down her people until she is the most poverty-stricken and wretched of all civilized countries. I repeat, her credit is so bad that lack of money would compel Italy to stop war operations twenty days after war had been declared."

Italy Expects the Impossible.

MONTGOMERY, Ala., April 2.—The Advertiser, Democratic, says: If the Italian government thinks that Minister Blaine and President Harrison ought to send down to New Orleans and kill all those engaged in the affair of a few days ago, it is expecting the impossible. Secretary Blaine is largely responsible for the turn affairs have already taken by the haste in which he took sides against the people of New Orleans and the manner in which he spoke of the massacre. The Italian government shows its dense ignorance of republican institutions in supposing that the federal government can interfere in a matter of purely state concern.

One Way for Us to Get Even.

LONDON, April 2.—The Chronicle says that Baron Fava is not entitled to fix the time for redress by the American government, but must allow of a reasonable time for inquiries. The rupture is irreparable; but war is unlikely. But what, if America, in replying to Fava's menace should prohibit Italian immigration?

IRON AND STEEL.

Our Relations With Great Britain on This Important Subject.

BALTIMORE, April 2.—This week's Manufacturers' Record publishes extracts from the letter of an English correspondent holding very intimate relations to the iron and steel and financial circles of Great Britain, which states that the British company which has purchased property in Sequatchee valley, east Tennessee, has \$250,000 capital and the strongest English directory yet organized for operations in the south. The American representatives are John H. Inman, John C. Neale, John C. Calhoun and Gen. Chamberlain, of the Southern Iron company, of Chattanooga. Another syndicate has sent an eminent British expert to examine 100,000 acres of timber, coal and iron and fire clay lands on the Licking river in Kentucky, which will be purchased and developed if the expert's report is satisfactory.

A third syndicate with a capital stock of \$6,000,000 is being organized to make extensive purchases in the south for which negotiations are now in progress. This company expects to secure its property in time to begin work next autumn. The same writer says that the recent rumors that the British syndicate behind the Kimball Town company, of Tennessee, has purchased also the properties of the Tennessee Coal and Iron Railway company in that state and will unite all its acquisitions under one management, are correct. This reported purchase does not include the Alabama properties of the Tennessee Coal and Iron Railway company.

A MOB REPULSED.

Their Determination to Lynch Two Men Suddenly Changes.

MOUNT STERLING, Ky., April 2.—A mob of thirty men attacked the jail Wednesday morning at 2 o'clock in an effort to lynch the two Wiggintons, father and son, charged with poisoning William Ferguson and B. C. Watts on March 5, last. The jailer had been apprised of their coming, and with a guard showed fight. The mob was repulsed. A number of shots were fired, but no one was killed.

La Grippe in New York.

NEW YORK, April 2.—The monthly report received at the board of education rooms shows that there were more than 6,000 absentees in the public schools in March on account of the prevalence of the grip. About 6 per cent of the teachers were also afflicted. There are 200 policemen on the sick list owing to the grip.

In Brooklyn there has also been a marked falling off in attendance of children at school. The teachers and policemen are likewise affected with grip.

Seven deaths were reported yesterday resulting from la grippe symptoms. This makes forty-four deaths from the same cause during the past two weeks. The health department reports that deaths from la grippe are on the increase. The disease is confined to a large extent to the tenement house district.

Liberals Successful in Chili.

SANTIAGO DE CHILI, April 2.—The Liberals have been completely successful in the recent elections. The condition of the revolutionists at Iquique is represented to be desperate. Famine prevails, and the coal supply is exhausted, while on the coast the revolutionary fleet is keeping a sharp lookout for such colliers as may appear. A government squadron, made up of an armed cruiser, two gun boats and three torpedo boats, is about ready to offer battle to the ships of the revolutionists. A conclusive naval engagement is expected to follow the meeting of the fleets.

For Insulting a Young Woman.

RICHMOND, Va., April 2.—Brakeman Wrenn, of the Chesapeake and Ohio, was taken into the woods near Clifton Forge on Saturday night and given thirty lashes for insulting a young woman. After the lashing he was ordered to leave the vicinity, which he did at once.

GREENCASTLE, Ind., April 2.—The section men on the Vandalia line are not at work, having demanded an increase of wages from \$1.10 to \$1.25 per day. The strike extends along the entire line, but it is believed that a satisfactory agreement will soon be reached.

WASHINGTON NEWS.

Monthly Statement of the Treasury Department.

A SLIGHT INCREASE SHOWN.

The Total Debt of the Government Less the Amount in the Treasury—Government Receipts During the Past Month. Other Washington Dispatches.

WASHINGTON, April 2.—The treasury department's monthly debt statement, issued yesterday, shows a slight increase in the public debt during March amounting to \$40,125. The total debt of the government to-day, less cash in the treasury, is \$550,020,920. The surplus in the treasury, including about \$21,000,000 in subsidiary coin, is \$58,425,330, a decrease of about \$5,000,000 during the past month.

Government receipts during March aggregated \$9,418,000, or nearly \$5,000,000 less than in March, 1890. This falling off in receipts is mainly due to loss of revenue on sugar imported and refined in bond during the past month.

Pension payments for the past nine months, or the first three-quarters of the current fiscal year, aggregate about \$7,000,000, and points to a pension charge during the current year of about \$125,000,000, or \$5,000,000 more than during the preceding year.

Mexican Expatriations.

WASHINGTON, April 2.—A Mexican paper published in the province of Chiapas says:

An English commission, authorized by the governor general is now in Yucatan, furnished with all the necessary instruments useful for the exploration of those marvelous ruins in that department. It would appear that the hour of the resurrection had come for the American Babylon. The English pick-axe is about to uncover the tombs of the Yucatanic Pharaohs, and there is no doubt they conceal within their mysterious ruins many archaeological treasures, and many precious articles of ancient industry.

House Breaker Mysteriously Absent.

WASHINGTON, April 2.—John Harry Martin, the young man who broke into the executive mansion some night ago, was called in the police court yesterday, but failed to answer. The original charge against Martin was nolle prossed and the district attorney filed a charge against Martin of assaulting the officer who arrested him. The collateral security of \$25 was forfeited and the case ended there.

The President Will Not Interfere.

WASHINGTON, April 2.—The president yesterday refused to grant a pardon to Wood Crumpton, a half breed, convicted of killing a man named Morgan in Arkansas. Crumpton was sentenced to be hanged Oct. 1, 1890, but on Sept. 29 a stay of execution was granted by the court pending an appeal to the president for executive clemency.

WANTS FREEDOM AND DAMAGES.

A Wife Sues Her Husband for Divorce and Alimony.

MILLERSBURG, O., April 2.—Mary A. Shrimplin, of Killbuck, has brought suit for divorce and alimony against her husband, Eli O. Schrimplin, and an injunction has been allowed against defendant disposing of his property. This suit was followed by another by same plaintiff against Francis Shrimplin, a brother of her husband, and his wife, charging them with alienating the affections of her husband, causing him to desert and refuse to support her, and she lays her damages at \$4,000.

Since filing this last suit Francis, one of the defendants, has gone crazy over the affair, and will probably be taken to the asylum. The affair has made a big commotion in the neighborhood of where the parties live and public sympathy seems to be with Francis Shrimplin, but against his brother, Clifford, who treated his wife outrageously.

BUILDING COLLAPSES.

One Man Killed and Another Fatally Injured at Pittsburgh.

PITTSBURGH, April 2.—The second story of W. A. Hoveler's storage house, corner Thirteenth and Pike streets, collapsed at an early hour Wednesday morning instantly killing John Herman, and fatally injuring John Burns.

Herman and Fred Kline were in the first story loading a car. Kline saw the ceiling parting and got under a car, escaping with a few bruises. Burns was on the second floor when it fell in. Herman came here Tuesday from Cleveland.

Union Carpenters Strike.

TERRE HAUTE, Ind., April 2.—A general strike of the union coopers of this city was inaugurated yesterday for an increase of one cent per barrel. The coopers have been getting twelve cents for flour barrels and loose work, and the new scale formulated some weeks ago called for an increase. It was presented to the bosses, who were given until Tuesday night to act. They failed to give their answer, and yesterday morning the men went out. The shops of James Nichols and James Clutter were both brought to a standstill. At noon, however, the former acceded to the demands and the men returned to work. About 250 men are interested.

Death of Mrs. C. M. Bishop.

A telegram was received in this city yesterday from Los Angeles, Cal., announcing the death of Mrs. Cartmell Huston Bishop, wife of Roland P. Bishop, for many years a prominent merchant in this city. Mrs. Bishop removed to California on account of failing health, but the reports had been that she was improving. Mrs. Bishop, who was well known in this city, was only thirty years of age and was highly respected.—Cincinnati Enquirer, March 31.

Mrs. Bishop was a niece by marriage of ex-Governor R. M. Bishop, of Ohio, and a sister-in-law of Mrs. Nannie Higginbotham, of this city. Mr. Bishop has a large number of relatives and friends in Mason and Fleming counties who will be pained to learn of his wife's death.

The Downing Sale.

The sale of the late Darius Downing's live stock and personal property March 31st was attended by a large crowd and bidding was quite spirited. Auctioneer Goggin reports the following: Four cattle, four-year-olds, \$220; one yoke oxen, \$94; two steers, \$39; one horse, \$76; one horse, \$100; one mare, \$110.25; one colt, \$52.50; one colt, \$98; one colt, \$124; one colt, \$95.25; one colt, \$82.50; one horse, \$60; one yearling filly, \$91; one yearling filly, \$75; one yearling filly, \$50; one stallion, \$128; one stallion, \$216; one colt, \$49.50; one colt, \$65; one colt, \$43.25; one horse, \$66; one horse, \$50; one mare, \$65.50; one mule colt, \$45; one yearling colt, \$65; one yearling colt, \$65; one yearling colt, \$35; one mule colt, \$50; one mule colt, \$32.50; 600 bushels of corn, 50 cents a bushel; seven stacks of hay, \$52.25.

Accidentally Shot Himself.

Mr. L. G. Strode, special agent of the Mutual Life Insurance Company, accidentally shot himself a few days ago while at Catlettsburg. The ball entered the palm of the left hand and passed through, shattering the bones of the little finger. The wound is a painful one.

In its account of the accident, the Catlettsburg Democrat says: "Mr. Strode was packing up to leave on the C. and O. express for his home. Among other things to be handled was a new improved Smith & Wesson No. 38 revolver, which he picked up and was showing to Mr. Shirley, book-keeper for Mr. D. H. Carpenter, who was in Mr. Strode's room. In handling the weapon it went off—just how neither knew—and the ball entered the palm of Mr. Strode's left hand, going through, and breaking or fracturing the upper bone of his little finger. After passing through the hand, the ball struck the door, tearing its way almost through."

Janaushek.

Madame Janaushek and her excellent company will produce Sir Walter Scott's powerful romantic drama, "Meg Merrilies," at the Washington Opera House to-morrow night. The Cleveland Leader in commenting on the production says: "Guy Mannering" is one of Sir Walter Scott's most fascinating novels and the drama does full justice to the most prominent figure, a wild, strong, regal gypsy named "Meg Merrilies." It was this character that Madame Janaushek portrayed. The character is not fitted to any of the younger actresses, although Miss Anderson played it a few times quite successfully. She succeeded well enough except with the voice. Miss Cushman was the great "Meg" of the century. But she is dead and theater-lovers should feel grateful to Madame Janaushek and her excellent company for making the play conspicuous in the repertory. There is no need to compare Janaushek's "Meg" with Miss Cushman's. They are quite different—created for different periods and to meet different tastes. It is enough that Madame Janaushek fully meets the demands of the role and surrounding circumstances. Her marvelous voice, deep, harsh, fine, rough or smooth—she seems to have it under perfect control—is of immense advantage to her in this part. She imparts a sense of wonderful physical force to the role, gives it unwonted power and dignity, moving with a quiet majesty. The support was very good and the play passed along very smoothly and satisfactorily. The audience was appreciative and quickly responded to the salient points of the drama.

JOHN D. SHAW, of Trigg County, has announced himself as a candidate for Clerk of the Court of Appeals. Captain Martin now has company in his fight against Mr. Addams, who is running in the interest of Mrs. Longmoor.

REVISION.

The Con. Con. has finally agreed on a place for amending the new Constitution if it should be ratified. The section on this subject is as follows:

"Section 1. Amendments to this Constitution may be proposed in either house of the General Assembly, and if such amendment or amendments shall be agreed to by three-fifths of all the members elected to each house, such proposed amendment or amendments, with the yeas and nays of each House taken thereon, shall be entered in full on their respective journals. Then such proposed amendment or amendments shall be submitted to the electors of the State for their ratification or rejection at the next general election for the members of the House of Representatives, the vote to be taken thereon in such manner as the General Assembly may provide, and to be certified by the officers of the election to the Secretary of the State in such manner as shall be provided by law, which vote shall be compared and certified by the same board authorized by law to compare the polls and give certificates of election to officers for the State at large.

"If it shall appear that a majority of the votes cast for and against an amendment at said election was for the amendment, then the same shall become a part of the Constitution of this State, and shall be so proclaimed by the Governor, and published in such a manner as the General Assembly may direct.

"The amendments shall not be submitted at an election which occurs less than ninety days from the final passage of such proposed amendments; provided that not more than two amendments to this Constitution shall be voted upon at any one time, nor shall the same amendment be submitted more than once in five years after the first submission and the announcement of the vote thereon. Said amendments shall be so submitted as to allow a separate vote on each, and no such amendment shall contain more than one proposition. But no amendment shall be proposed by the General Assembly that meets first after the adoption of this Constitution. The approval of the Governor shall not be necessary to any bill, order, resolution, or vote of the General Assembly proposing amendments to this Constitution."

The following section has also been adopted:

"No action shall be maintained for possession of any lands lying within this Commonwealth where it is necessary for the claimant to rely for his recovery on any grant or patent issued by the State of Virginia or the Commonwealth of Kentucky prior to the year one thousand eight hundred and twenty, against any person claiming such lands by possession to a well defined boundary under a title of record, unless action shall be instituted within five years after this Constitution shall go into effect, or within five years after the occupant may take possession. But nothing herein shall be construed to affect any right, title, or interest in lands acquired by virtue of adverse possession under the laws of this State."

James E. Gillespie Takes This Plan to Recover \$4,000 From the C. and O. Railway.

James E. Gillespie has filed suit in the Mason Circuit Court against the Chesapeake and Ohio Railroad Company, asking that the Maysville and Big Sandy railroad, operated by defendant, be placed in the hands of a receiver.

On the 11th of last November Gillespie recovered judgment, in the court named, against the C. and O. company for \$4,000 for damages received in an accident near Dover. He was run over by a hand-car, and was confined to his home for nearly a year.

Execution was issued on this judgment in February, and the Sheriff has returned this "no property found." Plaintiff sets forth these facts in his new petition, and asks that a receiver be appointed to take charge of the M. and B. S. and operate same until his judgment debt and all costs are satisfied in full.

The suit is brought under an act of the last Legislature, authorizing the appointment of receiver where judgment has been obtained against a railroad company and execution thereon returned "no property found."

Messrs. Whitaker & Robertson and E. L. Worthington are Mr. Gillespie's attorneys.

STEALING the canvas off tobacco plant beds is an industry that has again been revived in some parts of the county.

CAPTAIN HEFLIN returned yesterday from Greenup where he landed James Sneed in jail. Sneed is one of three men implicated in burglarizing Capt. Brown's residence at South Portsmouth. About \$250 worth of jewelry was stolen, part of which was afterwards recovered at Manchester.

MR. JOHN M. HUNT left last night for New York. As this season is two weeks later than last year, owing to unseasonable weather in this country and Europe, the latest styles of dress goods and novelties are now on their way to New York. Our importer being advised of this by his Eastern friends will be in time to meet them and we will have a choice lot of beautiful goods to show the ladies in five or six days. D. HUNT & SON.

DR. ALLISON is a classical scholar graduating from "Union College," Schenectady, N. Y., class of '46. He also holds medical diplomas from the "College of Physicians and Surgeons," City of New York, class of '49, and from the "Royal College of Surgeons," London, England, class of '52. * * * As a specialist in the diseases of the throat and lungs he has few equals, if any superiors in this country. For over thirty years he has devoted himself assiduously, and almost exclusively, to the treatment of that class of disease, and with the most marked success.—Boston Herald.

A SENSATIONAL SUIT.

Col. Hamilton, of Mt. Sterling, Seeks to Recover Over \$12,000 From Judge Beckner.

Colonel A. W. Hamilton, of Mt. Sterling, has filed a suit in the Montgomery Circuit Court against the Hon. W. M. Beckner, delegate to the Constitutional convention from Clark County, to recover the sum of \$12,965.

The Winchester Sun says: "The suit is the outcome of the memorable railroad election held in Clark County in 1889, in which the sum of \$100,000 was voted to aid in the construction of the Louisville, Cincinnati and Virginia Railroad. Mr. Hamilton alleges in his petition that before the election he placed \$20,000 in the Citizens' National Bank of Winchester and authorized the defendant to check upon it to the amount of \$5,000. He also alleges that defendant checked out the sum of \$17,965, all of which was unauthorized by him except to the extent of \$5,000, and he claims that the defendant appropriated the balance of the sum, viz, \$12,965 to his own use, which he seeks to recover in the action. The suit will come up for trial at the next term of the Montgomery Circuit Court, which convenes the first Monday in May.

"The trial will doubtless bring to light some startling facts concerning the amount of money spent in the county to buy votes in order to carry the railroad tax, as the defendant will be required to account for all the money expended."

Both the gentleman named are well known here, and the result of the suit will be awaited with interest.

"Kindle a candle at both ends, it will soon be done."

The truth of this old Scotch maxim is best known to those who have personally tried the experiment.

High prices paid for poor shoes lead to the same result.

Shoes can never be judged by their looks, any more than human beings, as a beautiful outward appearance often conceals an unsubstantial and decaying foundation.

Therefore, it becomes necessary to have some one, on whose judgment and word you can rely.

GROWING CRITICAL.

State of Affairs in the Cokers' Strike.

DEPREDACTIONS OF STRIKERS.

Armed Hungarians Make an Attack on the Non-Union Men at Mount Pleasant, Pa. — Other Dispatches Concerning Labor Troubles.

PITTSBURG, April 2.—The following has just been received from Mount Pleasant, Pa.: One hundred and fifty Hungarians, many of whom were drunk, have just gone to the Standard works. The situation here is critical, indeed. Shouting, intermingled with pistol shots, can be plainly heard in the direction of Morewood. They are gathering recruits and it is thought they will soon return to Morewood. If the strikers make a second raid on Morewood bloodshed will undoubtedly follow as the company seems determined to repel any raid of strikers.

Striker Shot and Killed.

CHESTER, Pa., April 2.—William Brown, one of the men employed by the Standard Steel Casting company, at whose shop a strike is in progress, was shot and killed last night. Brown is a striker, and it is said that he was with several strikers who attacked four non-union men. The non-union men drew revolvers to defend themselves and Brown was shot through the heart. The four men, who came here from Jersey City to take strikers' places, are under arrest. Their names are A. and C. Gell, J. Cripps and Frank Quinn.

Lockout in Building Trades.

MILWAUKEE, April 2.—A lockout occurred in the building trades in this city yesterday. 1,200 stonecutters, masons, bricklayers and hodcarriers having been informed by the contractors that they would not grant the advance asked by the men to be inaugurated April 1. As a consequence building operations were almost totally suspended, only a few contractors having agreed to the new scale.

An Outbreak Hourly Feared.

SCOTTSDALE, Pa., April 2.—There is likely to be trouble at the Coalbrook coal works soon. Coalbrook is one of McClure & Company's plants of seventy ovens, and aside from Rainey's works, it is the only plant in the region that is running full. The strikers, some 10,000 men, have issued orders to prevent the drawing of the Coalbrook ovens, but the company intend to have them drawn in spite of the strikers.

Wagon and Carriage Makers Strike.

PITTSBURG, April 2.—The wagon and carriage makers of Pittsburgh and Allegheny, to the number of about 900, struck yesterday. The men were victorious in fourteen shops, about 200 of them going back to work yesterday. There are still about 600 out for nine hours, and further signatures to their scale are expected soon.

Settled for Three Months.

PITTSBURG, April 2.—The sliding scale governing the wages of Carnegie's Homestead steel works for the next three months was adjusted yesterday on a basis of \$25.50.

BOY ASSASSIN.

Attempt Made on the Life of Argentine's Prime Minister.

ST. LOUIS, April 2.—A special dispatch from Buenos Ayres to The Globe Democrat says the city is greatly excited over an attempt made Saturday afternoon on the life of Gen. Roca, prime minister of the republic.

After a cabinet meeting which lasted until 5:30 o'clock Gen. Roca, accompanied by a friend, Don Gregorio Soler, entered his carriage and proceeded on his way homeward. As they passed Calle Cangallo a shot was heard, and Gen. Roca at once stopped the carriage and said, "My God, I am wounded."

A great crowd surrounded the carriage and the police made twenty arrests, among them a boy from 12 to 14 years of age, who said he was out of employment and being convinced that Gen. Roca was the cause of the ruin of the country, he decided to kill him. The boy seems to be intelligent, but it is believed he was made the tool of some of Gen. Roca's bitter enemies.

Three days ago President Pelligrin received letters warning him that attempts would be made on the lives of himself, Gen. Roca and Gen. Levalle. The dispatch does not state how badly Gen. Roca was hurt.

Election in Rhode Island.

PROVIDENCE, R. I., April 2.—There was a large vote at the state election yesterday. The indications are that there has been no election of any state officer by popular vote. The general assembly, with the four cities and several towns still to hear from, stands Republicans forty-eight, Democrats twenty-three, with no election in fifteen districts. The Republicans need but seven more votes to enable them to elect the governor and general officers on joint ballot should there be a failure to elect the latter by the people as now seems probable.

Wholesale Sugar Dealers in Trouble.

NEW YORK, April 2.—The new tariff law which went into effect yesterday, caused considerable agitation among wholesale grocers yesterday morning. Sugar went down two cents on account of the new law, but the great difficulty now with wholesale grocers is to obtain a supply on account of the United States custom authorities not detaching a sufficient number of clerks to get the sugar in bond ready for delivery.

Foul Murder at Kenton, O.

KENTON, O., April 2.—Edward Harper, a South Kenton policeman, has been foully murdered. It appears to be the handiwork of William Bales, a son of Byrle Bales, a teamster. The murderer was tracked to an old junk house, but after diligent search all trace of him was lost. Two others are supposed to be implicated in the crime. Nole and Buckles were arrested and are now in custody. Great excitement prevails.

TOBACCO STAMPS.

Their Sale to Manufacturers of Cigars Prohibited.

WASHINGTON, April 2.—Commissioner Mason has issued a circular letter to collectors of internal revenue prohibiting the sale of tobacco stamps to manufacturers of cigars. It says:

"The practice of all wing cigar manufacturers to put up in packages their scraps, cuttings, clippings, etc., and attach thereto tobacco stamps and place the same on the market as manufactured tobacco should be discontinued. Cigar manufacturers have no right to dispose of their scraps, cuttings, clippings, etc., in this manner. They may sell the same to a manufacturer of tobacco, or to an individual manufacturer, but not being manufacturers of tobacco themselves they cannot properly procure tobacco stamps. Collectors of internal revenue are not permitted to sell tobacco stamps to a person who is a manufacturer of cigars only."

"If cigar manufacturers desire to so dispose of scraps, cuttings, clippings, etc., accumulating in their factories, they will have to qualify as manufacturers of tobacco. They will not be permitted to carry on the business of manufacture of cigars and manufacture of tobacco in the same premises. As a different rule has obtained for many years you will notify manufacturers of cigars of this change. The regulations heretofore established upon this subject, and contained in series 7, No. 8, and the Tax Manual for cigar manufacturers, being in violation of Section 3363, revised statutes, are hereby rescinded."

He Wanted to Die.

COLUMBUS, Ind., April 2.—Early yesterday morning groans were heard in the residence of William Monroe, near the Indianapolis depot, and he was found in a dying condition. He said he had taken arsenic, because "nobody cared for him and he wanted to die." His wife was at Indianapolis and his two stepchildren left the house when he came home at midnight, because he threatened to take his life, going to a neighbor's. Monroe died at 7 a. m. He was the son of Rev. W. Y. Monroe, of North Madison, who died recently, and who was one of the pioneer ministers of southern Indiana.

Blair Has No Soap.

NEW HAVEN, Conn., April 2.—Rev. Charles Hartwell, for thirty-eight years a missionary of the American board at Peking and Foochow, China, is now in this city recuperating after his long service in the Flowery Kingdom. Mr. Hartwell said yesterday that Minister Blair, in his opinion, would have a very unpleasant time in China. The Chinese, he said, are very proud and sensitive. They keep back news of the world, and are fully cognizant of Senator Blair's attitude on the Chinese question.

Leprosy of the Oriental Vintage.

OTTAWA, Ont., April 2.—The medical men detailed to investigate the cases of leprosy recently discovered at Victoria have pronounced it of the oriental type. Immediate steps will be taken to hunt up the afflicted Chinamen and return them to China. It is stated that within the last year the scourge has made great headway in the Pacific province and that it has reached a point that will imperil the settlement of British Columbia unless the government takes immediate steps to wipe it out.

Stopping the Middle Man's Profits.

INDIANAPOLIS, April 2.—The Farmers' Mutual Benefit Mercantile company, of Clay county, was incorporated yesterday with a capital stock of \$25,000, and the headquarters will be at Brazil. The company proposes to furnish goods of all kinds to the farmers of the association, and in this way stop the profits of the middle men. Each member of the order who pays \$5 may become a member of the company.

Private Bank Assn.

MONTGOMERY, Ala., April 2.—The John McNab bank, one of the oldest and most substantial institutions of Eufaula, Ala., made an assignment yesterday. An attachment was levied on the assets of the bank by creditors in New York city. It was a private institution. The failure caused no run on the other banks in Eufaula.
